

NAPOLEON LYNX

TRACK GUARD™

Safety first

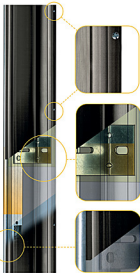

We are very proud to announce the **Napoleon Lynx "Track Guard"** system.

This is our latest innovation in a continuing effort to improve garage door safety. The Track Guard is a timely and cost effective solution as well as an aesthetically pleasing addition to any garage at a time when homeowners are paying more attention to safety and visual appeal in their homes. Made from a nylon composite, it is light, durable and takes only minutes to install on new or pre-existing doors with a few nails or screws.

The Track Guard greatly reduces the chance of injury by limiting finger access between the jamb and track; it offers an aesthetic upgrade to any garage and comes with a five-year warranty. We have always been committed and active in providing you with products and innovative technologies. So while others are only selling parts, you're offering your customers safety and visual appeal for less than you or they would expect. Call us to find out more about this simple yet superior solution from **Napoleon Lynx.**

FRONT VIEW

INSTALLATION

Installation is a breeze. Requires no special tools or expertise. A hammer/nails, or a drill and a few screws and it's firmly in place in less than ten minutes. It couldn't be any easier!

DESIGN

Designed for new and existing 7' and 8' doors. Fits firmly over rails with clearance for bolts and wall mounting hardware. Made of a durable, lightweight Nylon composite to withstand years of use and extreme temperatures.

ADDED SAFETY

The leading edge of the Track Guard snaps firmly into place providing an added measure of protection by forming a tight seal between the jamb and the track, effectively reducing the chance of injury.
